DE WOLF HOPPER.

De Wolf Hopper burst into stellar promnence at the Broadway Theatre last night and was accorded a reception that was little less than Patti-esque. He responded with that exquisite grace of manner for which he is so justly famous, and when flowers by the hundredweight were handed over the footlights, relieved that occasion of the ridicule which generally attends it, in this Metropolitan, K. of P., Still Leads enlightened season, by a few merrily turned

It might have been called "Shanties on the Ground," or "Tenements in the Sky," with equal reason. But the name is pretty, as we must not cavil. "Castles in the Air" is a most exasperating work to criticise. It contains many good things, but they were hidden last night in a perfect abyss of weariness. There is some bright dialogue, and there are one or two tuneful numbers, but the lack of episode is simply startling. As for the plot, I won't go into it, for the very best of reasons—I couldn't. I know Bul-Bul married Bianche, and that is about all I could discover. Francis Wilson revamped his "Oolah" into a success, and when "Castles in the Air" has been pulled together by a masterly hand it might enjoy some popularity. Mr. Byrne has said some very funny things, and Mr. Kerker has told many musical reminis.

And the process of improvement should not be confined to pruning. Incident is needed, and incident there must be.

Miss Marion Manola sang charmingly and acted with vivacity and intelligence. Miss Della Fox is a delightful little lady, as pretty as at least two pictures, and possessing a very agreeable voice. Miss Fox can act, too, and with a great deal of chic. She was the only pleasant surprise of the evening to me. Thomas Q. Seabrooke did some very satisfactory work, without the aid of Hopperian loudness, and Miss Elvia Croix, his wife, was also to be commended. I heard a little of her voice, and was sorry I couldn't hear more.

A kind word must be said for Miss Rose Leighton, a clever actress. Little Mr. Klein wasn't a bit funny, which may have been the fauit of a part that was irritatingly stupid.

He Says He Bribed a Man to Stand Trial for Him.

A singular tale was told to a reporter for the Nashvillo American, who obtained 3.072 the narrative under a pledge of inviolate 400 secrecy, given under the stars at mid-540 uight, and sworn to by the most bind-1.076 ing oath a man can take, never to reveal 1.010 the source of his information or the

As he sat there his face was a curious study. The hard expression began to melt away, as melodiously poured forth those wonderful words of Christ, offering even to such as he that surpassing love.

At its conclusien he was affected to tears which he strove to conceal. It was evident that this man, who looked so like a devil in human form, still had a heart to be touched, not by that logical, argumentative sermon; not by the questioned dogmass of priesteraft, but by "that song of love which has power from above to bring forth music from life's hidden lyre." in the wicked heart.

But under the sermon he soon regained his composure, and he was seen to shake his heart at an assertion made by the preacher in support of the miraculous resurrection of Christ.

When the stranger passed from the church the reporter, who had watched him, and, political to the things that are novel, approached him, and, political towards the Maxwell House.
